

# CALI CAPELLI

## USER MANUAL

### PROFESSIONAL HAIR STRAIGHTENER FOR HAIR STYLING

 PRINTED ON RECYCLED PAPER.

8

## IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

### BURN HAZARD

KEEP AWAY FROM  
CHILDREN

THIS PRODUCT  
CAN BURN EYES

### DANGER

As with most electrical appliances, electrical parts are electrically live even when the switch is off.

**To reduce the risk of death by electric shock:**

1. Always "unplug it" immediately after using it.
2. **DO NOT** use while bathing.
3. **DO NOT** place or store appliance where it can fall or be pulled into a tub or sink.
4. **DO NOT** use near, place in, or drop into water or other liquid.
5. If an appliance falls into water, "unplug it" immediately. **DO NOT** reach into the water.
6. **DO NOT** use an appliance with a twisted, bent, or otherwise damaged cord.

### WARNING

To prevent the risk of burns, electrocution, fire, or injury to persons:

1. The device must never be left unattended when plugged in. Turn off the switch and unplug the electrical cord when it's not in use!
2. Close supervision is necessary when this appliance is used by near children or individuals with certain disabilities.

2

3. Use this appliance only for its intended use as described in this manual. **DO NOT** use attachments not recommended by the manufacturer.
4. Never use while sleeping.
5. Never drop or insert any object into any opening.
6. **DO NOT** use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
7. **DO NOT** use an extension cord with this appliance.
8. The plates of this flat iron are hot when in use. **DO NOT** let bare skin and eyes touch heated surfaces. Use the handle.
9. **DO NOT** place the heated flat iron directly on any surface while it is hot or plugged in.
10. Attachments (when furnished) may be hot during use. Allow them to cool before handling.
11. **DO NOT** operate with a voltage converter.
12. This is a dual-voltage appliance; before plugging it in, read the information about dual voltage contained in the "Operation Instructions" section of this manual.

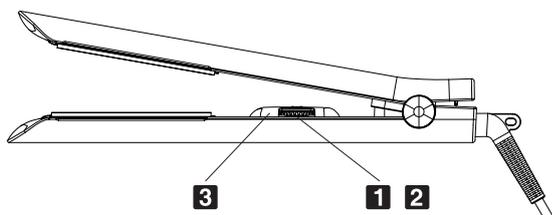

### CAUTION

**NEVER** wrap the power cord around the appliance. Any pulling, twisting, severe folding, or bending can damage the cord, especially at the point of entry into the unit, which may rupture the cord and can cause an electrical short or other failures. Regularly inspect the cord. **DO NOT** use an appliance with a twisted, bent or otherwise damaged cord or if the appliance receives power irregularly. If the cord is damaged or gets irregular power issues, refer to instruction in the **WARNING** section above.

### SAVE THESE INSTRUCTIONS

## PRODUCT DESCRIPTION

- 1** On/OFF Button
- 2** Temperature Setting Button
- 3** Power LED Indicator Light

4

## OPERATING MANUAL

When using this appliance near water (e.g., bathrooms), the use of an electric outlet protected by a Ground Fault Circuit Interrupter is recommended.

This appliance has a polarized plug (one blade is wider than the other). As a safety feature, the plug will fit in a polarized outlet only one way. If the plug does not fit in securely, reverse the plug or contact a qualified electrician. DO NOT attempt to defeat this safety feature.

## TURNING ON/OFF

Rotate the button to the left to turn it on, and to the right to shut it off.

## AUTO SHUTDOWN

The device will auto turn off after 60 minutes of idling.

## ADJUST THE TEMPERATURE

Rotate the "Temperature Setting Button" to adjust the temperature.

## PRODUCT DESCRIPTION

**Plates Type:** Titanium  
**Dual Voltage:** 100-240V  
**Frequency:** 50-60Hz  
**Temperature Setting:** 140° F - 450° F  
**Cord Length:** 8 ft  
**Body Length:** 10.6"  
**Plates Width:** 1 inch

## STYLING TIPS:

1. Comb and dry your hair.
2. Section off your hair. The number of sections will depend on the thickness of your hair.
3. Separate a lock of hair.
4. Make sure to select the right temperature for your hair type.
5. Clamp the iron above the roots.
6. Run the iron down the length of your hair.

5

## MAINTENANCE

### ⚠ STORAGE

1. Be sure the appliance is turned off, unplugged, and cooled off
2. DO NOT wrap the cord around the flat iron. Never allow the power cord to be pulled severely, bent, warped, or twisted around the appliance as damage may occur.
3. DO NOT put any stress on the cord where it enters the handle, as it could cause the cord to fray and possibly break.
4. DO NOT hang flat iron up by the cord.
5. DO NOT store flat iron in the bathroom or other humid environment, as it could cause LCD display fog up and get dark.
6. Store in the original packaging in a clean, dry place.

### CLEANING

It is important to keep the titanium plates clean.

1. Be sure appliance is turned off, unplugged, and cooled off
2. Flat iron must be cleaned only when cold to the touch.
3. Use a clean, soft, slightly damp cloth to wipe the plates and the outside of the power handle.

**DO NOT** use any object that can scratch the barrel.

**DO NOT** use water, chemicals, or liquids to clean the appliance, and

**DO NOT** allow any water or liquids to go into the handle of the flat iron.

**DO NOT** use thinners, gasoline, alcohols, etc.

6

## IF YOUR PRODUCT STOPS WORKING, PLEASE FOLLOW THE STEPS BELOW

1. Switch off the unit.
2. Unplug the unit from the plug socket and check the socket if it is available.
3. Wait for 15 minutes and then plug the unit back into the wall or plug into another socket.
4. Switch the unit back on.

### FAQ

1. The floating plates may not be completely close together, but it will not affect the performance. If you want the plates to meet together wholly, you can press harder.

2. This flat iron is worldwide dual voltage compatible 100V-240V, and the plug only works for the USA, you should not need an electrical converter, but you will need a plug adapter that suits the electrical sockets when you use it abroad, the voltage would switch automatically.
